## April 22, 2016

State/Provincial Content 16.4.2

This section explains updates for the following:

- Wisconsin Ed-Fi Reference Guide Update
- Ed-Fi Getting Started Guide
- Ed-Fi Reporting System – New Integrated Data Exchange
- Ed-Fi Reporting System - Framework Updates

**Important Note:** The PowerSchool Ed-Fi Reporting System production software was made available for all Wisconsin districts with the March 25, 2016, release. The Wisconsin Department of Public Instruction (DPI) WISEdata project will start generating security credentials for districts that are part of the pilot program in April 2016. **PowerSchool Wisconsin districts may apply the state reporting installer, but should not enable the Ed-Fi Reporting System until they have received their security credentials.**

Once pilot districts receive their pilot security credentials from DPI WISEdata staff, they may enable the PowerSchool Integrated Data Exchange with Ed-Fi reporting and connect to the state's Ed-Fi system (WISEdata).

### Wisconsin Ed-Fi Reference Guide Update

**Reference:** PSSR-123876

**Description:** The *Wisconsin Ed-Fi Reference Guide* needs to be created to summarize Ed-Fi integrated data exchange reporting, download, and publishing information.

**Resolution:** The *Wisconsin Ed-Fi Reference Guide* has been created to summarize Ed-Fi integrated data exchange reporting, downloading, and publishing information. The guide is available for download on PowerSource in the Wisconsin State Reporting Guides folder.

### Ed-Fi Getting Started Guide

**Reference:** PSSR-96942

**Description:** The new PowerSchool Ed-Fi Reporting System needs a guide to explain the required setup and steps to enable the PowerSchool Ed-Fi integrated data exchange functionality with Wisconsin's Ed-Fi system.

**Resolution:** A new resource, the Ed-Fi Getting Started Guide, has been added to PowerSource. Since this is a common reporting guide shared across states that have implemented Ed-Fi, it will reside in the State Reporting > All States > State Reporting Guides folder (<https://support.powerschool.com/article/74566>).

**Note:** The *Wisconsin State Setup Guide* and the *Wisconsin Ed-Fi Reference Guide* have detailed information on required data entry and data interchange output for data published to the state or downloaded from the state's Ed-Fi system.

## Ed-Fi Reporting System – New Integrated Data Exchange

**Reference:** PSEDFI-3873, PSEDFI-3869

**Description:** Remove extra data not specified in the state mapping guide.

**Resolution:** PowerSchool was publishing data elements that are listed in the main Ed-Fi specification, but that are not listed in the WISEdata Ed-Fi specification. These elements have been removed to prevent errors that were occurring in the extra data elements.

**Reference:** PSEDFI-3731

**Description:** Implement School Choice Reporting Option in Ed-Fi

**Resolution:** Ed-Fi will now follow the School Choice Reporting Option and will publish students according to the this option. If no value is selected, then School Choice ('C') will be used as a default selection.

## Ed-Fi Reporting System - Framework Updates

**Reference:** PSEDFI-3826

**Description:** Improve the performance to enable Ed-Fi from the setup page. In some cases, enabling the system takes several minutes before the successful message is displayed on the dashboard. While waiting, customers see a spinning icon that after three or more minutes will timeout and give an unsuccessful message when in most cases it was successful.

**Resolution:** Performance has been improved in initial setup of Ed-Fi so that there is no longer a large delay when enabling Ed-Fi.

**Reference:** PSEDFI-3815

**Description:** Add Diagnostic views to display status of completed download and publishing jobs.

**Resolution:** New diagnostic views have been added to display the history of download and publishing jobs. Note that data will only be displayed for the most recent 5000 rows of each job table.

**Reference:** PSEDFI-3777

**Description:** Add support for contacts as links from the dashboard review pages

**Resolution:** Additional metadata has been added in the dashboard tables to support contacts as links. These links are referenced from within the Review page and are displayed in the results pane on the dashboard.

**Reference:** PSEDFI-3751

**Description:** Enable Publish and Delete buttons for all resources on the new Student and Staff Pages.

**Resolution:** Previously, only when a resources had been published, did the Delete and Publish buttons appears. This has been changed so that the buttons appear regardless if a resource has been published.

**Reference:** PSEDFI-3732

**Description:** Larger XML files fail to convert to JSON within PowerSchool.

**Resolution:** The XML to JSON processor has been optimized to handle larger files.

**Reference:** PSEDFI-3575, PSEDFI-3576

**Description:** Add detailed pop-ups for the new Student and Staff Ed-Fi pages.

**Resolution:** On the Student and Staff Ed-Fi pages, a detailed pop-up is now available for each resource that is published. This pop-up lists each name and value pairs of the resource.

**Reference:** PSEDFI-3383

**Description:** The Miscellaneous Ed-Fi Mapping page can become slow with large sets of data.

**Resolution:** The Miscellaneous Ed-Fi Mapping page has been optimized to more efficiently handle large sets of data.

## Ed-Fi Getting Started Guide

**Reference:** PSSR-96942

**Description:** The new PowerSchool Ed-Fi Reporting System needs a guide to explain the required setup and steps to enable PowerSchool's Ed-Fi integrated data exchange functionality with Wisconsin's Ed-Fi system.

**Resolution:** A new resource, the Ed-Fi Getting Started Guide, has been added to PowerSource. Since this is a common reporting guide shared across states that have implemented Ed-Fi, it will reside in the State Reporting > All States > State Reporting Guides folder (<https://powersource.pearsonschools.com/dir/8669>).

Note: The Wisconsin State Setup Guide and the Wisconsin Ed-Fi Interchange Guide have detailed information on required data entry and data interchange output for data published to the state or downloaded from the state's Ed-Fi system.

## Ed-Fi Reporting System – New Integrated Data Exchange

**Reference:** PSEDFI-3577, PSEDFI-3578

**Description:** Due to the rollout of DPI's new Ed-Fi based reporting model, PowerSchool needed to create an Integrated Data Exchange with the state.

**Resolution:** The PowerSchool Ed-Fi Reporting System allows Integrated Data Exchange with the state's Ed-Fi system. This lets schools and LEAs easily exchange PowerSchool data with the state's Ed-Fi Operational Data Store (ODS) and dashboards. Based on specifications and tools developed by the Ed-Fi Alliance and widely adopted Common Education Data Standards (CEDS), Ed-Fi is the data standard for Wisconsin's new Ed-Fi reporting system.

With this initial production release of the Ed-Fi Reporting System, a new **Ed-Fi Reporting** tab has been introduced on the Reports > System Reports page. The new Ed-Fi Reporting tab becomes available when Ed-Fi is enabled using the Ed-Fi Setup Screen and a connection is established with the State's Ed-Fi ODS.

See the *Ed-Fi Getting Started Guide* on PowerSource for a detailed explanation of the Ed-Fi Reporting tab and the necessary setup to be completed and steps to enable the Ed-Fi Reporting system.

The PowerSchool minimum version for Ed-Fi Reporting is PowerSchool 8.3.

**Note:** The Wisconsin State Setup Guide and the Wisconsin Ed-Fi Interchange Guide have detailed information on required data entry and data interchange output for data published to the state or downloaded from the state's Ed-Fi system.
