

MBA Behavior

Plugin for PowerSchool®

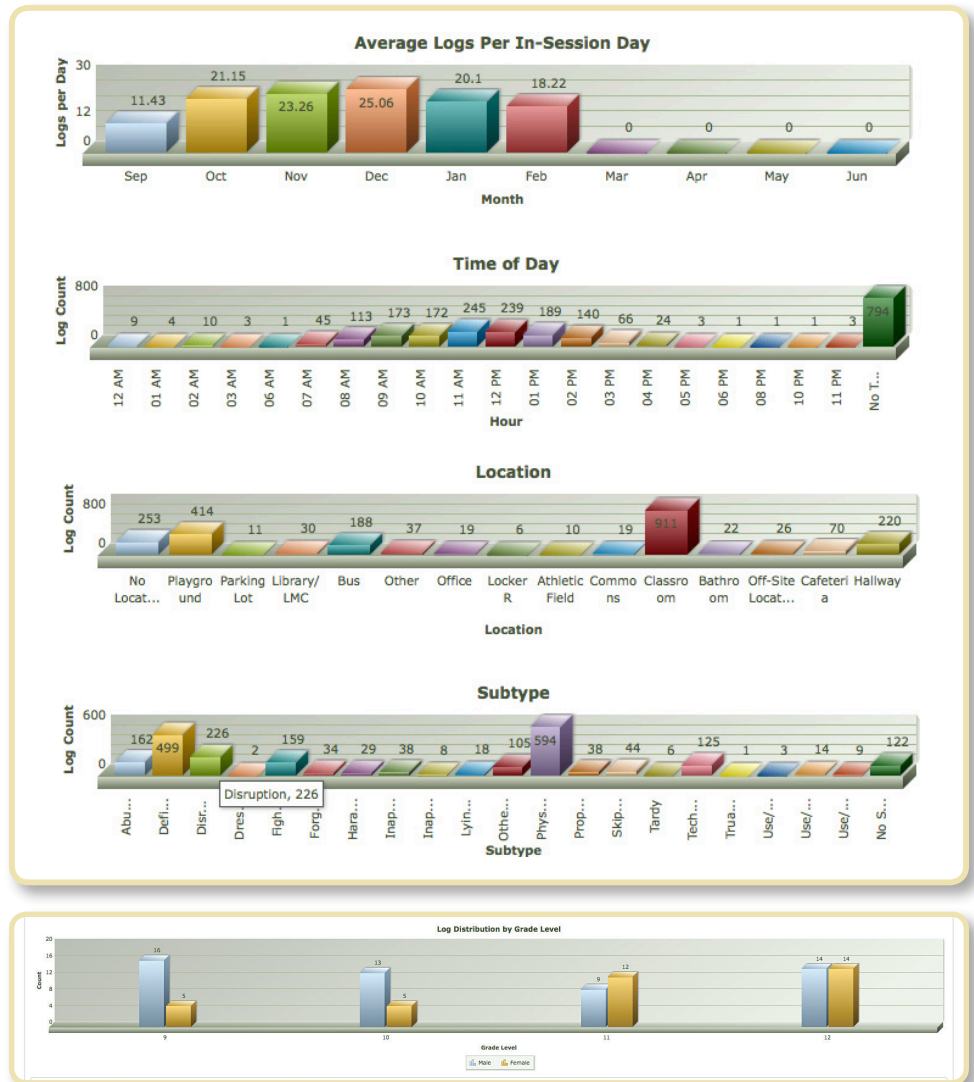

MBA's Behavior plugin extends the number of fields available through Log Entries. Easily spot trends and internal notifications encourage timely responses and follow-up to behavior incidents.

Enhanced Interface

Customizable dashboards provide a visual representation of your data, making it easy to spot trends and make informed decisions.

Maintain and access a variety of log entries

- Track Parent/Guardian meetings and outcomes
- Track suspensions, detentions and dates served
- Track other participants, victims and witnesses
- Maintain data related to roles, motivation and actions
- Flag log entry as Harassment or Bullying Incident
- “One click” send for emails and letters
- Suspension and detention reports

Customizable dashboards provide users a real-time snapshot of log data.

continued...

Customize your log entry screens

- Options for adding locations, motivations, others involved and outcomes
- Control access to log entry fields for Admin and Teachers
- Admins and Teachers can set auto alert notices by log type, students
