Enhancing the Power of PowerSchool

February 2021

January Release Items:

State Reporting Release Version 21.1.2.0

- PI-1563 Reconciliation:
 - The report dates were coded into the report page. This is corrected and the report data is based on the dates entered on the report parameter screen.
- Edit Previous Enrollment:
 - The page was displaying duplicate Certified Career Education Program fields. The issue is corrected and the page properly displays.
- The following CTE updates are made to the New Stored Grade and Edit Stored Grade pages:
 - Certified/Non-Certified Career Education Program should no longer be submitted through historical grades. Enter this information on the CTE page for a current enrollment. For a previous enrollment enter this information on the Edit Previous Enrollment page.
 - The Certified/Non-Certified Career Education Program field is moved to the Obsolete section of the page.
 - A warning is displayed when the user does not specify a Certificated Programs Status Type for a Certified Career Education Program.

For additional information regarding the State Reporting Release navigate to [PowerSchool > Help > State Reporting Help > Release Notes](#).

February Release Items:

- Courses Page Update - Dual Enrollment Credit (Pre 18/19 School Year) has been moved to the Obsolete section of the page.
- IAC Codes Link – The following updates are made:
 - IAC codes are updated per DPI.
 - IAC codes are now obtained from EDFI_WI_V3.

Note: Descriptors (State Codes) will need to be redownloaded after installing this update.

Future Release Item:

Ancestry Ethnic Origin and Tribal Affiliation will be an optional collection beginning in 2021-22 for both Public and Choice schools. This information will be submitted through WISEdata. We will have more information in a future newsletter.

Important Upcoming Dates:

March 16-17, 2021:

Enhancing the Power of PowerSchool

February 2021

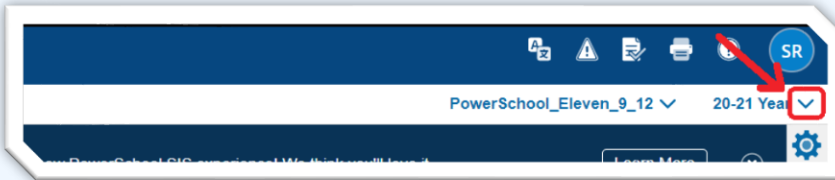

WISE Workshops are Coming!

MBA is excited to introduce our new WISE Workshop Webinar Series! Webinar and subscription information will be sent next week via email.

Tips and Tricks:

There is a way to see the calendar days for a term without going to the School > Calendar Setup.

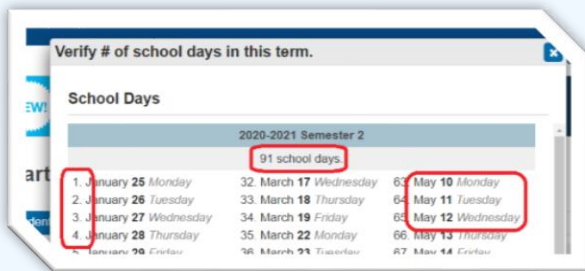

Click on the down arrow next to the term. A Calendar icon appears.

Click on the Calendar icon.

A page appears that gives the details for the term selected. It counts the days of the term, numbers the days, and shows which days are set as school days (in session).

Submitting PowerSchool Support Tickets

PowerSchool is discontinuing the ability for districts to submit support tickets through email. Please begin submitting support tickets by adding a support case through **PowerSource Support** or **PS Community - Contact Support**

Please forward this email to any district employee that will need to stay up to date on Wisconsin State Reporting so that they can sign up to receive [MBA WI State Reporting Info](https://mba-link.com)
