

Enhancing the Power of PowerSchool

January 2021

Important Information About 2018-19 WISEdata:

- On **January 27, 2021** Districts and Schools are no longer able to submit 2018-19 data from their student information system to WISEdata.
- After obtaining any desired exports, please complete the following steps to **turn off publishing for 2018-19**.

These steps can be completed from the District Office or a School.

1. From the start page from under Setup select **System**.
2. Under Server select System Settings and then select **Plugin Management Configuration**.
3. Select **PowerSchool Data Exchange (DEX) Setup**.
4. Under Function select **Profile Configuration**.

The page below is for example purposes only, you may have named your profiles differently.

Any Profile with a Profile Type of EDFL_WI_3 would remain active as these are for 2019-20 and later.

The following shows the list of profiles currently defined. Edit a profile or click Add Profile to create a new profile.

Profile Name	Profile Type	Enabled	Action
WISEdata 2016-17		Disabled	Edit Delete
WISEdata 2017-18	EDFL_WI	Disabled	Edit Delete
WiseData 2018-19	EDFL_WI	Enabled	Edit Delete
WISEdata 2019-20	EDFL_WI_3	Enabled	Edit Delete
WISEdata 2020-21	EDFL_WI_3	Enabled	Edit Delete

5. For any Profile where the Profile Type is *EDFL_WI* select **Edit**.
6. Turn *Profile Enabled* to **OFF** and click **SAVE**.

Profile Name	Profile Type	Enabled	Action
WISEdata 2016-17		Disabled	Edit Delete

Enhancing the Power of PowerSchool

January 2021

December Release Items:

State Reporting Release Version 20.12.1.0

- Courses page update:
When looking at the Courses page, some course codes were displaying a URL behind the course name. The issue has been corrected, and the course names displays as expected.

PowerSchool has recently added new reports that can be utilized by your district but are not reported through WISEdata. Information about the reports and any updates are included in the State Reporting Release Notes. The following updates were made in December:

- Clock In/Clock Out report allows for multiple Time In and Time Out values on a single day.
- Contact Tracing report has been updated to include Incident Management Data Grouping.
- Student Birthday List report allows the user to enter a start and end date that spans multiple years.

For additional information regarding the State Reporting Release navigate to [PowerSchool > Help > State Reporting Help > Release Notes](#). Or click on [PowerSchool WI Release Notes](#).

January Release Items:

- PI-1563 Reconciliation:
 - The report dates were coded into the report page. This is corrected and the report data is based on the dates entered on the report parameter screen.
- Edit Previous Enrollment:
 - The page was displaying duplicate Certified Career Education Program fields. The issue is corrected and the page properly displays.
- The following CTE updates are made to the New Stored Grade and Edit Stored Grade pages:
 - Certified/Non-Certified Career Education Program should no longer be submitted through historical grades.
 - The Certified/Non-Certified Career Education Program field is moved to the Obsolete section of the page.
 - A warning is displayed when the user does not specify a Certificated Programs Status Type for a Certified Career Education Program.

Future Release Item:

Ancestry Ethnic Origin and Tribal Affiliation will be an optional collection beginning in 2021-22 for both Public and Choice schools. This information will be submitted through WISEdata. We will have more information in a future newsletter.
