KNOWN ISSUE

We are aware of an issue with obtaining WISEids for students. Please know that it is tentatively set to be resolved on March 8 by DPI.

For now, Districts are encouraged to obtain WISEids manually through the WISEid application.

SCHEDULE AUTOMATIC PUBLISHING

Ahh, take a deep breath. Spring is right around the corner and the normally hectic pace of state reporting has slowed down a bit. This is the perfect season for your district to set-up Automatic Publishing in your Data Exchange profile. Setting up an automatic publishing schedule helps ensure that your data is being delivered to the state regularly without you having to login and push a button.

Automatic Publishing can be scheduled on the Data Elements below:

- Student Enrollments
- Student Transcripts
- Student Grades

To set-up,

1. Click Schedule
2. Click "OK", Alert: Collections will now be started for all Schools. Continue?
3. Under Scheduling, click the radial button "Schedule" and select details of when, how often and when scheduling should end.

Scheduling

Please select when to run

Run Now Schedule

Please select schedule settings

Start Date: Start Time:

Run Once

Repeat Daily Weekly Monthly Yearly

Please select daily repeat cycle options

Weekdays only

Please select end date range option

No end date

Ends on:

It's important to know that scheduling automatic publishing prohibits you from manually publishing. You will receive a "Failed to Prepare Report Parameters" error.

To Cancel automatic publishing:

1. In the left-hand navigation click System > Report Queue Settings > Report Works > Queued Reports
2. Under the Options column, click the garbage can icon to delete the schedule.

U.S. Department of Education Civil rights Data Collection (CRDC)

In case you haven't heard the CRDC deadline has been extended. Below is the statement regarding this announcement.

The U.S. Department of Education's Office for Civil Rights (OCR) is aware of the technical difficulties that local and state educational agencies have been experiencing with the 2020–21 CRDC submission system. OCR and the Partner Support Center (PSC) are working to resolve these issues. Consequently, **OCR is announcing a new deadline of March 11, 2022, for all educational agencies to submit and certify civil rights data for the 2020–21 school year.**

FREE TOOL, P - EBT ATTENDANCE REPORT

In this issue, we wanted to highlight for you one of our newest FREE plugins at MBA, the P-EBT Attendance Report. The Pandemic Electronic Benefit Transfer (P-EBT) programs are part of the government response to the COVID-19 pandemic. School P-EBT is designed to provide money to families of students who would have been qualified to receive free or reduced price meals at school (through the NSLP and/or SBP) but cannot access those meals as usual due to the COVID-19 pandemic.

While this report was originally born out of a need to report attendance for students during COVID school closures, it can also be used in many other scenarios.

One example would be to identify all those students who are absent on the Third Friday or Oct. 1 Count dates.

We invite you to learn more about this FREE report on our [website](#).

UPDATE

WIR IMMUNIZATION INTEGRATION

As many of you are aware, we continue to experience issues in regards to the Wisconsin Immunization Registry (WIR) Integration with PowerSchool.

We are currently awaiting PSSR-284917 to tentatively be resolved with the April State Reporting release. This ticket will update the school year that the immunization request looks at.

Additionally, PSSR - 269509, which is related to COVID vaccines is tentatively going to be included with the March state reporting release.

We appreciate your continued patience as our teams work to resolve these issues.
